The Doors of HuaMa

Instructions: Follow 南南 through the doors below. 老太太 is having a little fun sending you and 南南 to many different places. Figure out where you are and what you can encounter in these places. Use the images to answer the questions or give answers based on your personal knowledge of where the door leads. BE CREATIVE!! Three doors lead to places you might be familiar with. The last two doors are yours to decide. Think of a place you will go, draw or write the clues in the door, and answer the questions about your travels.
